

## **Open procedure for supplying an armoured vehicle: Q&A**

### **1. Where can I find the tender dossier?**

*As stated in the tender notice, all information can be found on the Embassy website. Here the exact addresses:*

[https://ambpristina.esteri.it/it/news/dall\\_ambasciata/2023/11/procedura-aperta-per-la-fornitura-di-unautovettura-blindata-offerte-fino-all8-gennaio-2024/](https://ambpristina.esteri.it/it/news/dall_ambasciata/2023/11/procedura-aperta-per-la-fornitura-di-unautovettura-blindata-offerte-fino-all8-gennaio-2024/)

<https://ambpristina.esteri.it/it/amministrazione-trasparente/bandi-di-gara-e-contratti-ex-art-37/>

### **2. Can you share the English translation of the tender dossier?**

*The tender document is available only in Italian language, although it is possible to submit a proposal in English language (art 5.7).*

### **3. Most of the embassies are using the Armoured Toyota Land Cruiser, would this suffice or you are looking for something else?**

*As per the possible vehicle proposal, it will be evaluated by a Commission following the criteria listed in art. 4 only after its actual submission according art. 5.*

### **4. What is the Emission level expected from the vehicle?**

*The tender does not specify the emission level, but states that the year of production of the vehicle cannot be earlier than 2022. However, according to Kosovo law (N. 05/L – 132, art. 44 ) vehicles which do not meet Euro 4 standards cannot be imported to Kosovo, where the car will need to be used.*

### **5. What is the engine capacity of the vehicle?**

*All technical details are listed in annex 2.*

### **6. What are the incoterms?**

*Please refer to art. 1.5 of the tender notice.*

### **7. Can the tender be submitted on mail?**

*As specified in art. 5, proposals can be submitted personally or trough mail/ courier service by 08.01.2024, h. 12 Rome/Pristina time.*

**8. Could you please clarify the “Smoked windshield” requirement ?**

*There was an error; the correction notice is now available on the Embassy website.*

*The specification "Tinted rear window and tinted windscreen" has been amended as follows: "Tinted rear window and tinted rear side windows".*

**9. Emergency Exit. Could you kindly confirm that a roof hatch, which can be used to exit in emergency is ok?**

*It is an optional requirement. It is up to the economic operator to decide whether and how to propose it. Please note that the eventual proposed solution should not compromise the level of armouring.*

**10. Emergency fresh air system. Could you please confirm that a Roof Hatch once opened can fulfil this requirement?**

*It is an optional requirement. It is up to the economic operator to decide whether and how to propose it. For the purpose of scoring, please note that the emergency fresh air supply system should be used also in an emergency situation when the emergency exit or windows cannot be opened.*

**11. Anti Smoke extractor from car cabin. Could you please confirm that A/C which ensures extraction of cabin air at frequent intervals is ok?**

*It is an optional requirement. It is up to the economic operator to decide whether and how to propose it. Please note that the request concerns a smoke extractor for the passenger compartment to be used in emergency situations, whereas air conditioning is a different mandatory requirement.*

**12. Would strobe lights in the front and rear of the car, along with police siren, be ok?**

*The compulsory requirement only refers to the presence of flashing lights and siren while the colours and sounds used by the local police force is an optional extra and it is up to the economic operator to decide whether and how to propose it.*
